

In today's environment, security is a primary consideration for every type of business that accepts credit and debit cards for payment of goods and services.

Beginning in 2011, the Card Networks will require ALL merchants to begin to comply with the "**Payment Card Industry Data Security Standards**" (**PCI DSS**) and ALL payment applications to be certified and validated in accordance with the "**Payment Application Data Security Standard**" (**PA-DSS**). The PCI DSS compliance is overseen by independent councils to ensure merchants become properly accredited.

As a way of protecting your secure data and information, **Southeastern Medical Supply, Inc** has teamed with **TrustWave** which utilizes the **TrustKeeper Compliance Validation Service** to meet the "**Payment Card Industry Data Security Standards**" (**PCI -DSS**).

Your security is of the utmost importance to us and we are ahead of the curve in providing you with the most secure environment possible. So, you can use our website for your purchase and feel secure in the fact that we protect your identity to the fullest of our ability. Please feel free to contact us with any questions you may have.
